

# Zakat India Appeal 2013

In April 2013 when two Murshidabad villages (West Bengal) were gutted by fire, 214 families homeless, we sought your help and asked for donations for distributing corrugated sheets to them.

## And this is what your donations can achieve, alhamdulillah

The genesis of Charity Alliance in early 2005 was out of the necessity to do something urgently about the starvation deaths in the Jalangi area of Murshidabad, West Bengal. Since then our work in that particular area of Murshidabad continues without any break with the support of people like you, alhamdulillah. After having distributed ration every week for years in the area and offering medical aid to them as well now alhamdulillah the people there are in a must better situation.

We continue to run a Vocational Training Centre there teaching tailoring and zari embroidery. And Alliance School near Jalangi in Murshidabad was started in 2009. **The school currently has bamboo rooms and needs pucca classrooms to pass recognition requirements.** Donations to building fund are most welcome.

Apart from Murshidabad, which remains our main focus, we also offer financial help on a smaller scale to poor students and individuals for education and medical help in Delhi.
